

Exceptional instruments

Precise, sustainable and flexible

Surgitrac offers a complete portfolio of high-quality ophthalmic instruments, including single-use and reusable options in stainless steel and titanium. The range supports precision, sustainability and flexibility across sub-specialties, with custom pack solutions available.

FEATURES AND BENEFITS

- Extensive selection includes capsulorhexis forceps, scissors and specula.
- Single-use stainless steel instruments, supplied sterile in boxes of ten.
- No plastic handles for improved sustainability and recyclability.
- Available in straight, curved, cross-action and micro-incision formats.
- Custom pack solutions tailored to surgical preferences and workflow.
